this book contains the lectures given at the 2009 symposium on mechanics in natural solids held in horto greece it delivers a paradigm for the interconnection of the mechanics of soil rock ice and snow and for the interdisciplinary nature of the research

this book discusses the extension of classical continuum models to the first class addressed belong various thermodynamic models of multicomponent systems and to the second class belong primarily microstructures created by phase transformations

tofaník provides a unique personal reading of weak theology and tries to inhabit the gap between it and its founder john d caputo in this distinctive exploration of john d caputo s work tefan tofaník traces caputo s journey of philosophical discovery from his earlier more conventional academic writings to his later almost confessional works of weak theology and his deep engagement with derrida tofaník draws upon caputo s life story to help explain sudden shifts in caputo s thinking offers intricate readings of philosophical passages that have all too often been taken for granted and joins in caputo s effort to find a theology that can be

trusted and that does not rely upon dogmatic and hierarchical authority at the same time tofaník subtly disagrees with aspects of caputo's view and turns to the work of antoine de saint exupéry as a way to suggest that one cannot take leave of the tradition of theology as easily as caputo thinks at times the adventure of weak theology reads like a letter to caputo and tofaník's own passion for theology his deep understanding of caputo's work and his gift for writing makes this an immensely appealing book for both admirers and critics of caputo tefan has read my work with extraordinary care and he has done so with a very acute ear for my authorial voice this person whom i impersonate when i write this persona i inhabit in my books i am not sure if this fellow who appears in print is the real me or a put on the one who i really am or the one i want to be either way he only emerges or emerges best of all when i write and tefan had a pitch perfect ear for that voice he didn't miss anything he caught it every time it was important from the afterword by john d caputo

excerpts from criticism of the works of novelists poets playwrights and other creative writers 1900 1960

this work stresses french writer and aviator antoine de saint exupéry's humanistic philosophy

an in depth exploration of the concept of the fall and its place in literature philosophy and human experience

a comprehensive account of twentiethcentury world literature important writers are put into historical critical biographical and sociological context

a critical comprehensive and entertaining account of modern world literature for students teachers librarians and writers

a tour de force of wisdom and insight by the depth psychologist and controversial priest who has authored more than 40 books in this essential work the little prince is held up as a model for today's readers and inspires them to trust again in the unconditional fidelity of love a love that is unconquerable even in death
